

Enhance your communication skills.

Effective treatment outcomes for your clients.

Dr William (Bill) Miller

Founder of Motivational Interviewing

Improve One-on-One Treatment

Training Workshops:

Brisbane: 9 - 10 November 2015

Melbourne: 12 - 13 November 2015

Sydney: 16 - 17 November 2015

In these two-day workshops, Dr Miller will address overcoming difficulties in developing positive therapeutic alliances by improving your clinical strategies and skills.

He will demonstrate how to manage clients' resistance and denial, and will illustrate ways to build clients' confidence to encourage motivation to change.

Dr Miller will blend didactic presentations with demonstrations and will provide ample opportunities for experiential skill practice.

These workshops present a significant learning opportunity for those who work face-to-face with clients.

Attending Dr Miller's training workshops will keep you current with emerging treatment practices. Places at these workshops are limited and early booking is recommended.

Dr Miller is Emeritus Distinguished Professor of Psychology and Psychiatry and affiliated with the Centre on Alcoholism, Substance Abuse, and Addictions (CASAA) at the University of New Mexico. He introduced the concept of Motivational Interviewing in a 1983 article and devoted over 40 years of his life to refining the process.

Dr Miller served as Director of Clinical Training for the University of New Mexico (UNM), an American Psychological approved doctoral program in Clinical Psychology. He also served as co-director in the UNM's Center on Alcoholism, Substance Abuse and Addictions.

He is reportedly one of the most cited scientists having written over 400 articles and chapters and over 34 books.

Through Motivational Interviewing he has changed the way clinicians think about the nature of substance use disorders, their treatment and the means to effect change in clients.
